

ONE GIRL'S SELECTION OF COSTUMES IN THE BIG EASTER PRIZE CONTEST.

Hat, Shirt Waist and Gown She Will Wear if She Wins One of the Forty-three Prizes Offered by The Evening World.

To-day are shown the illustrations of the pretty tailor gown and silk shirt waist and hat selected by Miss Jessie Madigan, Manhattan avenue, and described to The Evening World in its Easter contest. The pictures are given to show wage-earners girls what they may be wearing Easter morning if they like.

Yesterday Miss Madigan described in The Evening World the selections which she had made, and just how she made them. Her choice was excellent in all three articles, though, of course, she may not be one of the forty-three lucky girls whose descriptions secure the Easter gowns offered by The Evening World. But what she has selected will serve as a guide to girls who hope to have their Easter outfits given them this year by The Evening World.

Thousands of letters have been received, and so many of them show such excellent taste and shopping judgment that the selection of the forty-three best will be a right difficult matter. However, the judges, selected from wage-earners we see, will be announced in a few days, and presently the work of passing upon the descriptions submitted will begin. Is your letter among those The Evening World has received?

Forty-three gowns and hats and waists are to be given to the girls who can best describe them. The prizes are enumerated and their values given in an adjoining column. Every girl's letter has an equal chance of winning the gown it describes.

Letters may be sent until midnight of Tuesday, April 2. They should be ad-

AUTOPSY CLEARS MRS. CABUS CASE.

MRS. CABUS AND HER DOG.

Dr. O'Hanlon Finds She Committed Suicide Rather than Suffer a Fit to Which She Had Been Subject.

Whatever mystery there was around the death of Mrs. Carrie H. Cabus, who was supposed to have been killed by her pet dog in the flat, No. 332 West Eighteenth street, Sunday was cleared away this afternoon by a second autopsy that Coroner's Physician O'Hanlon performed.

The woman killed herself with a small potato knife. She stabbed herself in the neck three times, the doctor says.

Mrs. Cabus was subject to fits. She evidently felt one coming on and rather than go through it stabbed herself to death.

At one time it was thought that she had been murdered, possibly by a thief. All of the neighbors say the Cabus family bears the best of reputations.

What Sort of Easter Gown Would You Like?

Describe It and Win One of These Splendid Prizes.

For the PRETTIEST and MOST ECONOMICAL EASTER COSTUME for a girl wage-earner and suggested by a girl wage-earner as representative of the costume she would wish to have for Easter.

FIRST PRIZE.....\$10 EASTER SHIRT WAIST
SECOND PRIZE.....\$5 EASTER SHIRT WAIST
THIRD PRIZE.....\$3 EASTER SHIRT WAIST

ACTRESS BROKE DOWN ON STAGE

Gertrude Berkeley Collapsed Under Strain of Theatrical Work.

(Special to The Evening World.) KANSAS CITY, Mo., March 20.—Gertrude Berkeley, leading lady of the Auditorium Stock Company, has broken down under the strain of her hard work.

Berkeley was jealous of his wife and now, after a short stay on recuperation from her home, is explained as being at the home of Shinn's man.

Soon after Applegate was found dead, Mrs. Applegate indignantly denied that her death was due to any but an accident. She said to-day:

"They are saying now that I ran away. Why should I run away? What I do? What I fear? I am a true I went away to visit a friend whom I had not seen for two years. We are cruel and injurious, and my friends wonder how I can bear up under the scandals."

MRS. APPLEGATE BACK AT HOME.

Says She Has Nothing to Fear and Is Ready to Meet Accusations.

(Special to The Evening World.)

TRENTON, N. J., March 20.—Mrs. Mrs. Applegate, who has been missing from her farm, near Extonton, eleven miles from here, for two days

(Special to The Evening World.) NEW YORK, March 20.—Gertrude Berkeley, leading lady of the Auditorium Stock Company, has broken down under the strain of her hard work.

Berkeley was jealous of his wife and now, after a short stay on recuperation from her home, is explained as being at the home of Shinn's man.

Soon after Applegate was found dead, Mrs. Applegate indignantly denied that her death was due to any but an accident. She said to-day:

"They are saying now that I ran away. Why should I run away? What I do? What I fear? I am a true I went away to visit a friend whom I had not seen for two years. We are cruel and injurious, and my friends wonder how I can bear up under the scandals."

GILMAN'S PAPERS TELL STORY.

Bankbook Stubs Now in Possession of Millionaire's Blood Heirs May Have Important Bearing on Mrs. Hall's Suit for Payment of \$10,000 Check.

(Special to The Evening World.)

BRIDGEPORT, Conn., March 20.—Edward S. Percival drove in from Black Rock to-day and deposited with Campbell & Judson all the private papers of the late George Gilman which he had discovered since he has been in the house.

Included in the lot were many im-

portant ones in the various lawsuits pending at the time of the millionaire's death.

But the most important from the standpoint of the heirs who are fighting Mrs. Helen Hall's claim were two bank check books used by Mr. Gilman in the months immediately preceding his death.

These two stub books show the recent checks drawn, in whose favor they were made and for what sums.

They are expected to be of great service in the contest, and Mr. Percival asked the advice of the attorneys whether he should surrender them to the administrator. They instructed him to consult Henry E. Knox on that point, and Mr. Percival went to New York to see him this afternoon.

"Mrs. Hall has not been in Black Rock since Sunday," said Mr. Percival. "I doubt if she ever comes back. She has

been ready to get out for good for several days. She has no valid claim and has been merely waiting developments at the time.

I want to find two checks—one for \$600 and one for \$1,000. They agree-

to the sum Mrs. Hall has sued the bank in this city for, but, of course, I cannot say whether the checks I want to find are involved in this suit."

Mrs. Helen B. Hall has brought suit against the First National Bank of this city, to recover \$6,000 damages. The claim is made by her attorney, Dando Davenport, that she holds a check on the bank drawn in her favor for \$10,000, and it is alleged that it was refused payment when she presented it.

Attorney Davenport, who represents Mrs. Hall in her suit against the First National Bank, said this afternoon:

"The suit is brought to recover \$6,000 damages. It is easily considered one of the most notorious discoveries of modern medicine."

Piles is one of the most annoying and oftentimes dangerous disease with which humanity is afflicted. It frequently develops into fistulae or sometimes into chronic and incurable trouble, whereas the timely use of this simple but effective remedy no one need suffer a single day from any form of piles, unless they want to."

The Pyramid Pile Cure is perfectly harm-

less, containing no mineral poison, and is also very reasonable in price, costing but fifty cents a package. It is sold in drug stores everywhere. The manufacturers of the remedy are the Pyramid Dr. Co., of Marshall, Mich., who have placed this excellent preparation before the public only recently, and the repeated tests in the hands of reputable physicians have convinced us that it will not disappoint you.

DOING GOOD EVERYWHERE.

A Medical Discovery That Effectually Cures Piles in Every Form.

For many years physicians have experimented in vain, seeking a remedy which would effectually cure piles and other rectal troubles without resorting to a surgical operation. Many remedies were found to give temporary relief, but none could be depended upon to make a lasting, satisfactory cure.

Within a recent period, however, a new remedy—the Pyramid Pile Cure, has been repeatedly tested in hundreds of cases and with highly satisfactory results.

The first effect of the Pyramid Pile Cure is to instantly remove the pain and irritation generally present and from that time on the cure rapidly progresses, and before the patient is hardly aware of it he is entirely cured. The remedy seems to act directly on the nervous and blood vessels of the parts affected as it comes into direct contact with them and sets up a healthy action, which is a perfectly natural way bringing the parts to their normal condition.

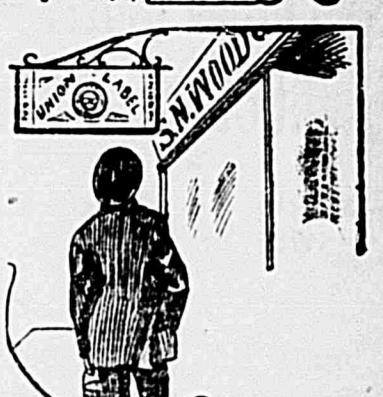

The remedy does its work without any pain or inconvenience to the sufferer and is truly considered one of the most meritorious discoveries of modern medicine.

It is one of the most annoying and oftentimes dangerous disease with which humanity is afflicted. It frequently develops into fistulae or sometimes into chronic and incurable trouble, whereas the timely use of this simple but effective remedy no one need suffer a single day from any form of piles, unless they want to."

S-N-WOOD & CO.

Mrs. Frederick Nathan, the President of the Consumers' League, noted a recent address of Dr. Annie Daniel, visiting physician of the Infirmary for Women and Children, telling how the germs of tuberculosis are carried into the homes of the wealthy in clothing made in tenements. *New York Times*, March 19, in the column of the Consumers' League meeting.

Exactly as we have said:

Much of the clothing that bears the names of prominent retailers has passed through the sweatshop—the germ-spreading sweatshop.

Much of the city's custom clothing passes through the sweatshop.

The "United Garment Workers" are the foe of the sweatshop.

The union label is the ONE, the ONLY sure proof that your clothing was NOT made in a sweatshop.

Ours is the ONLY house using exclusively the union label.

Spring Suits and Topcoats in all weaves at \$10 to \$25.
